

CITEL

SPT-203

- 7-inch TFT display with touch-screen
- Compatible with all CITEL ranges and other brand products
- Testing the MOV, GDT and TVS components
- Automatically test and judge CITEL pluggable Surge Protectors
- Auto test mode and manual test mode
- Automatically save test data
- Database management
- Portable and convenient

Electrical Characteristics

| | |
|--|----------------|
| Power | 230 V |
| Leakage current measurement error | +/- 5 % |
| MOV measurement : 1mA voltage range | 1 to 2000 V |
| MOV measurement : Leakage current range | 0 µA to 120 µA |
| GDT measurement : DC spark voltage range | 1 to 2000 V |
| TVS measurement : Voltage range | 0 to 500 V |

Mechanical Characteristics

| | |
|-----------------------------------|---|
| Accessory(s) provided | <ul style="list-style-type: none"> • Protective case • Stylus |
| Operating and storage temperature | 20°C / 50°C |
| Dimensions | See diagram |
