Microswitch for Remote signal
SFD1-13-20S & SFD1-13-40S
SFD1-25-20S & SFD1-25-40S

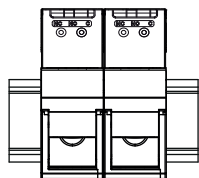

Microswitch 3 P + Microswitch 1 P

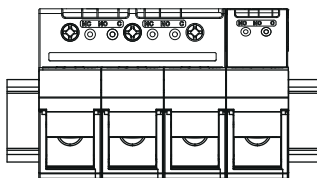

2 x Microswitch 1 P

Assembly

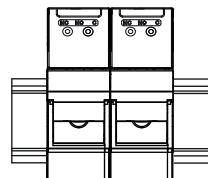

SFD1-13-20S

2 x Microswitch 1 P

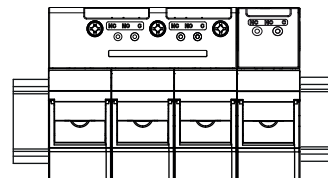

SFD1-13-40S

Microswitch 3 P + Microswitch 1 P

SFD1-25-20S

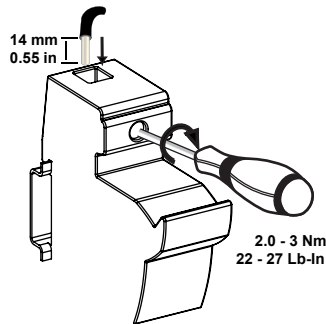

2 x Microswitch 1 P

SFD1-25-40S

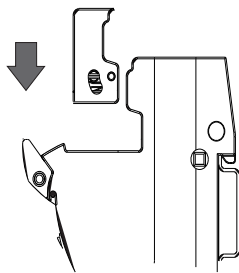

Microswitch 3 P + Microswitch 1 P

1 Connect the Fuse holder by the main terminals

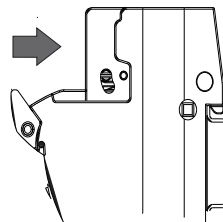

2.0 - 3 Nm
22 - 27 Lb-In

2 Put on the microswitch on the guides

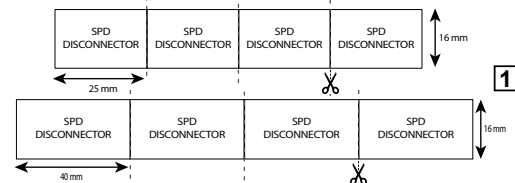

3 Push in horizontal movement to the final position.

4 Then connect the microswitch following the instructions in the Installation Sheet (N201102 & N201103)

Identification - Labels

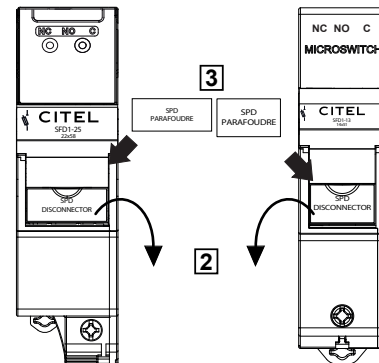

Labels are provided by a batch of 4, for each SFD fuse holder.

1 Cut labels at the right dimensions, ✂

3 Put on the label, and close.

2 Open the label-holder part when the fuseholder is totally closed or totally open,

2, rue Troyon 92316
Sèvres CEDEX France
