Smart SPD / MOV / GDT / TVS Tester

SPT-203

- 7-inch TFT display with touch-screen
- Compatible with all CITEL ranges and other brand products
- Testing the MOV, GDT and TVS components
- Automatically test and judge CITEL pluggable Surge Protectors
- Auto test mode and manual test mode
- Automatically save test data
- Database management
- Portable and convenient

Electrical Characteristics		
Power		230 V
Leakage current measurement error		+/- 5 %
MOV measurement : 1mA voltage range		1 to 2000 V
MOV measurement : Leakage current range		0 µA to 120 µA
GDT measurement : DC spark voltage range		1 to 2000 V
TVS measurement : Voltage range		0 to 500 V
Mechanical Characteristics		
Accessory(s) provided		• Protective case • Stylus
Operating and storage temperature		20°C / 50°C
Dimensions		See diagram
Part number		
790201
